Claudio

Our Mission

Our mission is to produce a product that can place the name of Iran and Iranians on the platform of honor. We nurtured the dream of being the best in our imagination and believed in being able to create what we wanted.

Who we are

Persian Standard is one of the biggest manufacturers of bathtubs, whirlpools, shower cabins and saunas, shower panels, shower trays, shower enclosures and partitions in Iran; which stands out from others in this field due to having the highest level of quality, the most variety in design and size, offering the most different options in products, the extent of the distribution network and after-sales services.

Our Partners

Persian Standard has been able to be the leader of this industry in Iran by selecting expert personnel, signing contracts with the best parts manufacturers in the world quality in sync with modern European technology and providing an expensive and valuable undertaking, namely warranty and after-sales service.

Trusted by

Therefore, Persian Standard is proud to cooperate with prominent collections of architects and hotels, which you can see below.

What are the benefits?

- Impenetrable against water
- Non slip properties
- Scratch resistance
- Stain resistance
- Heat resistance
- Antibacterial Properties
- Its gorgeous!

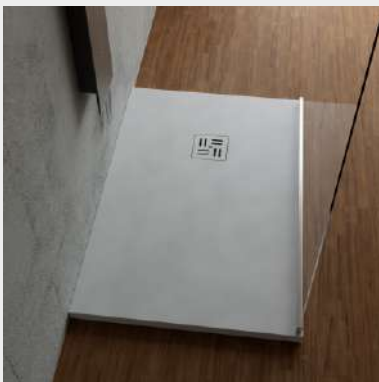

A modern bathroom with a minimalist aesthetic. The walls are covered in large, light-colored rectangular tiles. A white toilet is mounted on the wall. A shower tray is installed in a recessed area, with a shower head and controls mounted on the wall above it. A light-colored robe is hanging on a hook on the right wall. A white rectangular light fixture is mounted on the wall above the toilet. A potted plant hangs from the ceiling on the left. The floor is covered in large, dark green marble tiles. A white rectangular mat is placed on the floor in the foreground.
